

HALLOWEEN 2025

WHO

Whole school

IMPACT

“It was so nice to see all the children enjoying themselves and being involved. It was such a good experience for them – for some it was their first experience of taking part in Halloween” (Year 4 TA)

“The genuine enjoyment and happiness on the children’s faces was amazing to see. They all had so much fun whilst learning” (Year 2 teacher)

“Spending the day together as a whole school was a valuable experience for the children, as they could work with children they do not usually have the opportunity to” (Assistant headteacher)

“I liked working with my friends and seeing all the costumes” (Year 5 pupil)

WHY

Celebrating Halloween brought everyone together, fostering creativity and building social skills. The activities offered a fun way to blend learning with enjoyment, allowing students to express themselves while enjoying a shared experience within our school community.

WHAT

We came together as a whole school to celebrate Halloween this year. Mrs Campos set up a fantastic Mexican ofrenda, while the staff got creative decorating school with all sorts of Halloween props. Staff and pupils wore spooky costumes. We took part in a variety of activities, including Halloween story mapping, scientific experiments, pumpkin carving, and even a pumpkin hunt. We had messy play, Halloween art, a dance party, and topped it off with a Halloween movie. What a celebration!
